By ROBERT EUNSON
MUNSAN, Korea—Truce negotiators scheduled a crucial session tomorrow to hear the Communist reply to the United Nations package proposal for reaching a Korean armistice.

The Reds today asked for the full dress session after studying the

Missing Airliner Wreck Sighted; 50 Believed Dead

MIAMI, Fla.—(AP)—Wreckage of a missing Pan American World Airways luxury Stratocruiser was sighted near Carolina, Brazil, today and reports said there was no sign of any survivors.

The plane disappeared April 29 with 50 persons aboard, 19 of them Americans.

PAA officials in Miami said message indicated the aircraft had split in two and burned.

The wreckage was spotted by a searching PAA C-46 type cargo plane in the vicinity of Carolina, some 400 miles southeast of Belem. Carolina is a river port of about 3,500 population and has a large airfield.

The Stratocruiser apparently was heading there when it went down.

The one and one-quarter million dollar craft disappeared on a flight from Buenos Aires to New York. Scores of search planes have been covering a vast area of jungle and plateau land in an effort to locate it.

The plane was last reported somewhere between Barreiras in mid Brazil, and Carolina, about 300 miles north.

PAA officials said Carolina is on the Tocantins River due south of Belem and about 1,100 miles north and slightly west of Rio De Janeiro.

United States Air Force paramedics were immediately dispatched to the scene from Belem.

Mother Cabrini Statue Opposed

NEW ORLEANS—(AP)—A New Orleans citizen and five Protestant ministers planned today to go to the U. S. Supreme Court in their effort to force removal of a statue of Mother Cabrini from city-owned land here.

George Singelmann, who brought the original suit in state courts as a citizen and taxpayer, said the case will be appealed as soon as the petition is prepared.

The plaintiffs lost in the Louisiana courts Monday when the supreme court refused to review an earlier decision which upheld a lower court verdict saying the city of New Orleans had a right to accept the statue as a gift and place it in public property.

Singelmann said the basis of his appeal will be that placing the Catholic Saint's statue on public property violates the "separation of Church and State" provisions of the U. S. Constitution.

The Protestant ministers intervened in the case in support of Singelmann's suit.

The city of New Orleans permitted the order of Alhambra, a social organization composed of members of the Knights of Columbus, a Roman Catholic laymen's organization, to place the statue of the saint on a boulevard.

Mother Cabrini was noted for her services to New Orleans and other cities in the nation.

Jackson Prison Mutiny Blamed On Favoritism

DETROIT—(AP)—Owen J. Cleary, state GOP chairman, charged last night that the Southern Michigan prison mutiny resulted from favoritism and mismanagement by Governor Williams' administration of the prison system.

In a radio address, Cleary said the steak-and-ice cream meal fed the surrendering mutineers was "the greatest Jackson Day dinner of all time" because of the expense the riot will mean to the taxpayers.

(Jackson Day dinners are Democratic fund-raising affairs).

Convicts Get Picnic

Shortly after Williams took office, Cleary said "three Detroit gamblers were convicted and sentenced to prison for violating the gambling laws. Before they had been behind bars 30 days, a Democrat state representative who is a henchman of the governor's appeared at the prison with the gamblers' wives and a picnic lunch. They were shown to the visitor's quarters, but that wasn't good enough. The three prisoners, their wives and the state representative were permitted to have their picnic lunch in the parole

secret Allied plan three days. There was no indication whether the Communists would reject, accept or make a counter proposal.

Blocking progress in the nearly 10 months old negotiations were the issues of prisoner exchange, Russian participation in an armistice and rehabilitation of military airfields during an armistice.

Brig. Gen. William P. Nuckles, U. N. Command spokesman, said the Communists announced this afternoon they were ready to meet tomorrow. The offer was accepted in 10 minutes.

The meeting is scheduled for 11 a. m. Friday (9 p. m. Thursday EST).

It may be the decisive conference of the lengthy truce talks.

After receiving the package proposal Monday in a secret session of top negotiators, the Communists asked for a recess to study it.

The package proposal is understood to make a sweeping solution to three remaining unsolved problems.

If the Communists follow their usual conference table tactics they will come back with a counter proposal.

Oil Strike May Make Motorists Walk Soon

DENVER—(AP)—The nationwide strike of nearly 90,000 unionized oil industry workers went into its second day today with shortages of gasoline for motorists already reported in "a lot of other compromises are being kicked around."

The unions also are asking increased differential pay. They want six instead of four cents for the 4 p. m. to midnight shift and 12 instead of six cents for the midnight to dawn shift.

The average wage in the industry now ranges from \$2 to \$2.10 hourly.

Nudist Teacher Loses Lawsuit

DETROIT—(AP)—A 42-year-old Ohio music teacher was "in the nude, or unclad," a Federal Court jury decided in returning a verdict of no cause for action in her \$12,000 damage suit.

The jury of seven women and five men deliberated for one hour yesterday in the case brought by Miss Edith Church of Maumee, O., against officers who arrested her in a raid on a nudist camp.

The decision cleared Monroe County Sheriff Ray Gensler and former County Prosecutor Foster L. Luse of charges of false arrest brought by Miss Church.

Earlier Federal Judge Frank A. Picard had dismissed similar suits against Monroe county deputy sheriffs and State Police. He told the jury to decide the single question of whether Miss Church was dressed or undressed when the raid began in August, 1948.

Judge Picard also told the jury it should note that after the raid Miss Church and eight other auditors were convicted of indecent exposure and fined \$150 in Monroe county circuit court.

During the trial State Police Sgt. Carl Seim had described Miss Church as being nude when raiders arrived. Other officers said she was "carelessly dressed" or had hastily donned a sunsuit.

Miss Church, who said she lost her job as a result of the publicity, claimed she was fully clad in a halter and shorts.

He chose 50 fresh-faced lassies—all full-blooded and good Christians—and is certain that the sailors will walk dismally past the heavily painted girls in high-heeled shoes.

"My girls make them look as flat as last night's beer," he boasted. "They are the sort of girls a sailor's mother would like, but they're not hot gospellers who will try to ram religion down the chaps' throats."

Kettle says he understands the sailor's problem—"Any normal man likes women, and a sailor who has been at sea for months desperately needs a girl's company. I mean to see he meets the right type of girl."

After the enticing is done, the sailors will be steered to a mission for seamen that Kettle runs—"In the mission they'll be able to dance with them, play table tennis, talk and have meals with them."

Steel Mills Remain Idle With Uncle Sam As Boss

Congress Talk Of Impeachment Getting Louder

By WILLIAM F. ARBOGAST

WASHINGTON—(AP)—Impeachment talk grew louder on Capitol Hill today as Congress considered giving itself power to halt strikes with injunctions.

Some Republicans heretofore lukewarm on impeachment proposals said continued refusal by President Truman to invoke the Taft-Hartley Law in the steel dispute might leave Congress no alternative but to impeach him.

May Block Walkouts

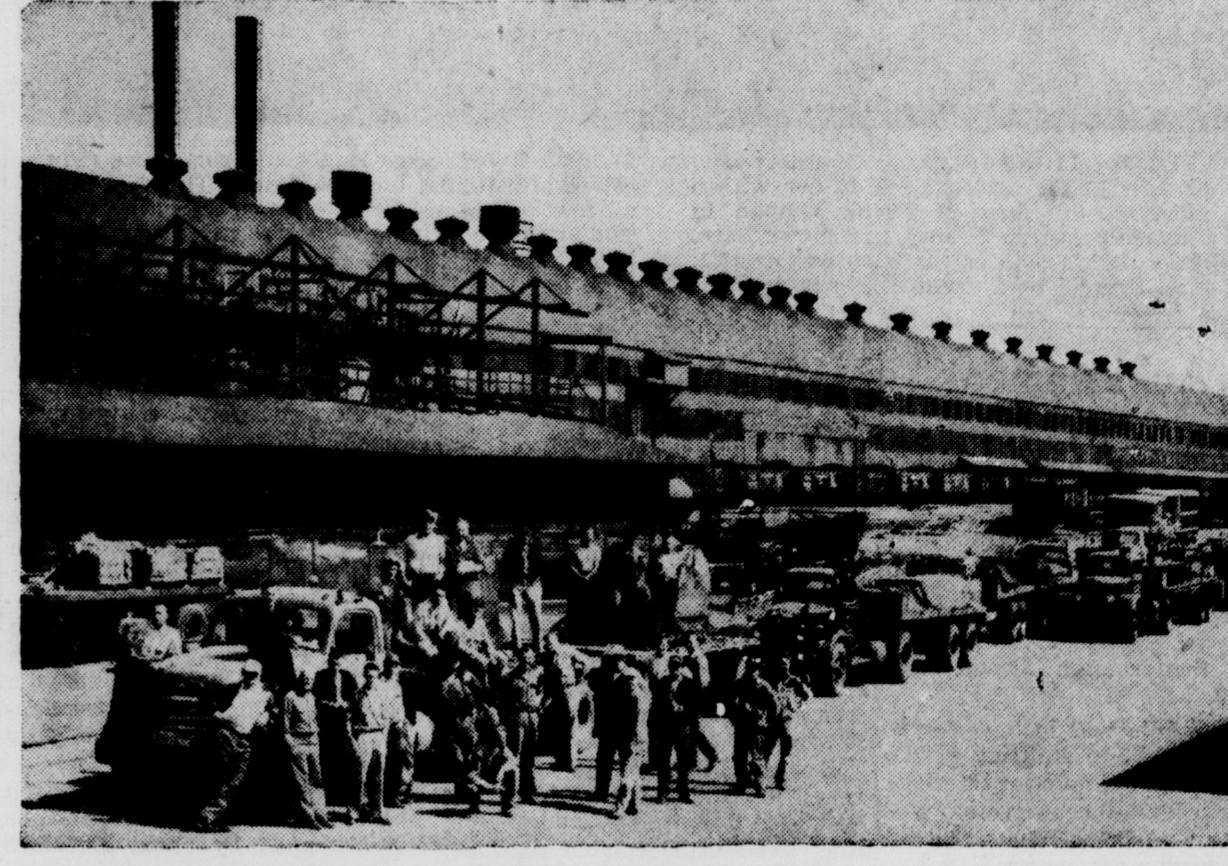

As the court battle between the administration and the steel masters seesawed toward the supreme court, there were these other developments:

1. The House Armed Services Committee scheduled hearings starting probably next Tuesday on a new anti-strike bill which could block strikes indefinitely in emergency periods.

2. A technicality prevented the House Judiciary Committee from going ahead today with a scheduled vote on 10 impeachment and related proposals.

3. Half a dozen committees busied themselves directly or indirectly with various phases of

Miffed Legislators Meet To Pay Bill For Jackson Prison Riot

By JACK I. GREEN

LANSING—(AP)—The Legislature returns today to pay the bill for four days of riot and vandalism at the Southern Michigan prison.

What the cost is actually —

how much of it an angry Legislature will pay — remained in doubt. It has been estimated at more than \$2,000,000.

House and Senate appropriations committees, which visited the stormy penitentiary yesterday, planned to sit down this morning and attempt to work out an appropriation which would start the rehabilitation.

More Guards Wanted

Governor Williams, smarting under Republican criticism of his prison administration and the terms of surrender granted the mutineers, will personally deliver a message to the lawmakers soon after they assemble at 2 p. m.

He was expected to defend the actions of prison officials, to argue that the riot wouldn't have happened if the Legislature had listened to his pleas for more money and to ask, again, for more prison funds.

Corrections officials have disclosed his plans to ask for about 122 more "inside" guards.

To add to the legislative confusion, there were legal doubts whether the lawmakers could take any steps before May 14.

Their problem was this: When

Straits Bridge Bill Is Signed

LANSING—(AP)—Legislation authorizing the Mackinac Bridge Authority to attempt to finance and construct the long-proposed Straits of Mackinac bridge was signed by Governor Williams today.

Stevenson has said emphatically he could not accept a presidential nomination, since he is running for governor of Illinois.

But Washington friends believe the governor tempered that refusal by saying recently he would be "flattered" if the party decided he could be of more service in the White House.

Their belief that Stevenson might be available—under some circumstances—is bolstered by reports that calls from party leaders here to the governor have not brought any flat refusal to accept a draft.

They think that, if the Republicans nominate Sen. Robert A. Taft of Ohio, Stevenson would become a willing candidate.

As the situation stands, Sen. Stevenson seems likely to go into the Chicago convention with the largest number of delegates committed outside the south.

The bill also allows assessing officers to decide what agricultural products stored in public warehouses should be exempt.

Two American photographers were roughed up. Associated Press photographer George Sweeners was stoned three times.

The brawling halted traffic for three hours in front of the palace and the Dai Ichi building, for nearly seven years headquarters for an Allied occupation that ended three days ago.

Crowds stormed through the streets waving Red banners and carrying pictures of Stalin and other Communist leaders.

Three times they stormed 1,000 steel-helmeted police. The police beat back the human waves of rock-throwing, club-wielding rioters with tear gas, clubs and guns fired into the ground.

At least 100 persons were injured. Some were Americans.

Order was restored after five hours.

The trouble began at a Meiji Park rally that attracted 300,000. Two Americans—Socialist Norman Thomas and J. Philip Randolph, president of the Brotherhood of Sleeping Car Porters—were to speak. The meeting was broken up by a gang of North Korean and Japanese Communists.

The speeches were canceled.

McMahon Enters Presidential Race

NEW YORK—(AP)—Sen. Brian McMahon of Connecticut today announced his candidacy for the Democratic presidential nomination.

Seizure Order Prolonged By Court Ruling

WASHINGTON—(AP)—The U. S. Court of Appeals by a 5 to 4 vote refused today to bar the government from raising wages of steel workers while it holds the seized mills.

The vote denying a plea from major steel companies that the court enjoin Secretary of Commerce Sawyer from doing anything about wages and working conditions was the same as that by which the court last night returned the steel plants to government control.

Nothing Decided Yet

Only a few minutes before the court decision was announced, Sawyer had said in a statement he did not intend to take any "precipitate" action about wages.

The government manager of the steel mills said the situation was so fluid that "the employees and I myself, and the operators too, are at the moment in a revolving door. We are neither coming in nor going out."

Sawyer also called in his statement for:

1. New negotiations by the industry and the CIO Steelworkers Union looking toward a bargained settlement of their differences.

2. Action by Congress to give the government some clear legal basis for dealing with situations such as the steel strike has created.

Legislation Needed

He said:

"We are now facing up to a situation which has long been impeding where a titanic struggle between giant industry and giant

Creel Census Being Taken

Do full releases of trout appear in anglers' creels during the following season in as large numbers as trout planted just before the season? The answer is generally "no" but on large rivers with a number of impoundments the story may be different.

If equal numbers of brown trout and rainbow trout are planted in a stream, which species will provide the most trout in the creel for the anglers? Again there is an answer for most waters—the rainbow—but this needs further testing on impounded streams. With the cost of 7- to 10-inch trout delivered to the stream running about 30 cents apiece, fisheries administrators and anglers alike want to know what species of trout will give the most angling satisfaction for the investment involved, and what time of the year to release them so that the anglers can harvest the greatest number.

Cheek Anglers' Catches

Additional facts which will aid in answering these two important questions will be sought during 1952 on two Upper Peninsula trout streams, the Escanaba River in Delta County and the Dead River in Marquette County.

In each of these streams, 500 marked brown trout and 500 marked rainbow trout were released in October, 1951, and another planting involving the same number and species was made in April, 1952. The two plantings are marked by distinctive fin-clip combinations and differently-numbered jaw tags so that fall and spring-planted fish can be recognized as such in the anglers' creels. Releases of hatchery fish made in these streams during the 1952 season will be marked by still different fin combinations.

During the 1952 trout season a Department employee will check anglers' catches on these streams each Saturday and Sunday and on two other week-days through the trout season. The numbers of marked fish from each season of planting and the species of marked fish which are tallied by the census clerks will aid in answering the questions above.

Any angler catching marked trout from these streams who is not contacted by a census clerk is requested to report his catch by mail to the nearest Department office. Give the name of the stream fished, the date the catch was made, the species and length of the fish, and the tag number or the name of the fin or fins missing.

Hammer Appointed

The creel census clerk on the Escanaba River is K. J. Hammer of Escanaba. Creel checking on the Dead River will be done by Robert Rogers of Negaunee. Both men are working under the supervision of Clifford Long, District Fisheries Supervisor of Escanaba.

A similar program of trout research also will be conducted on the Sturgeon River in Cheboygan County, and on the Big Manistee River in Crawford and Kalkaska Counties, both in the Lower Peninsula.

Real Estate Class To Meet Saturday

Gordon Haglund, member of the staff of the Federal Reserve Bank, Minneapolis, will speak Saturday at 1 p.m. to the University of Michigan extension service class in real estate to be held in the House of Ludington marine room.

Local bankers and bank employees are invited to attend the class, one in a series on real estate finance and home mortgage lending.

Haglund will speak on "Regulations X and W."

The sessions are held alternately between Escanaba and Marquette.

Nine EHS Students To Attend Ishpeming Citizenship Meeting

Nine Escanaba High School students will attend the annual Citizenship conference to be held at Ishpeming on Saturday.

The conference is sponsored annually by the University of Michigan Extension service.

EHS students attending will be Barbara O'Donnell, chairman of one of the discussion groups; Conrad Michael, Gerald Olson, Edna Seguin, Elaine Anderson, Lynn Bergman, Shirley Courier and Barbara Anderson.

Sponsors will be Bradford Lovehand and Miss Alice Potter.

Chest Selects 1952 Officers

Officers for 1952 were elected and three principal committees required by the constitution were appointed at a quarterly meeting of the Delta County Community Chest organization in the office of Nicholas P. Chapekis, 1951 drive chairman, yesterday.

In order to provide an effective year-round organization and a working nucleus for the annual campaign in October, it was determined that hereafter officers would be elected immediately after directors are elected in February.

In accordance with the constitution, the February meeting is the first membership meeting held after completion of the annual drive. All persons who contribute to the Chest are members of the organization and entitled to a vote, it was pointed out.

Full Representation

Officers elected yesterday were Sam Ham, Escanaba, reelected president of the Chest; A. B. Ellingson, of Gladstone, vice president to succeed Mrs. John Fawcett, Escanaba, and A. W. Moberg, of Wells, reelected executive secretary.

Walter Peters, of Masonville, presided as temporary chairman and was named to the executive committee along with Rudy John, of Nahma; Nyal Witham and James G. Ward, Jr., of Escanaba; Wallace Cameron and Oscar Ohman, of Gladstone, and James T. Jones, Gladstone and Chapekis, who represent institutions participating in the campaign. The three officers are also members of the executive committee.

The constitution provides that the executive committee should consist of the three officers plus two from Gladstone, two from Escanaba, two from the 14 townships and two institutional members.

Township Members

In addition to Escanaba and Gladstone members, directors from the townships are Bertil Erickson, Bark River; Walter VanDeWeghe, Brampton; George Rapette, Escanaba; Mrs. August Lundgaard, Cornell; Mrs. Elmer Johnson, Phil Clark, Wells; Frank Campbell, Maple Ridge; Joseph Rademacher, Robert Schmidt, Ford River; Peder Pedersen, Bay De Noc; Horace Gibbs, Baldwin; Rudy John, Nahma; Harold Gustafson, Ensign; Robert Watchorn, Fairbanks; Victor Borga, Garden, and Walter Peters, Masonville.

Chapekis was named chairman of the campaign committee which includes Peters, Ellingson, Howard Fountaine, Ward and Witham, and the publicity committee is composed of Ward, chairman; George Rodman, John Hagerman and representatives of each of the participating agencies, Andrew Houston, Scouts; Captain Louis Thompson, Salvation Army; Mrs. John Fawcett, Girl Scouts; Mrs. Walter Peters, Campfire Girls; Mrs. Victor Powers, Cod Liver Oil Fund, and James T. Jones, Michigan Children's Aid Society.

Long-Term Goal

Directors stressed yesterday that the long-term goal of the Delta County Community Chest is to include all fund-raising organizations in the annual campaign. Six agencies participated last year, and it is hoped that others will eliminate their separate drives and join the Chest this year. The drive will be conducted Oct. 15-31.

"Residents of Delta county are still called upon too often to contribute to separate campaigns," it was emphasized. "The Community Chest is the answer to consolidating and streamlining the work of solicitation into one concentrated all-inclusive drive."

"One annual drive would benefit everyone."

Safety Council Meets To Outline Objectives

Meeting in organization session last night the recently appointed Escanaba Safety Advisory Council elected officers and discussed objectives for the promotion of traffic safety in the community.

Mrs. Oliver Fuller was elected chairman, Everett Knuth vice chairman, and they with James Doran, Claude Tobin Jr. and Lyle Shaw form a steering committee for the Council.

The Safety Council, comprising ten members representing a cross section of the community, was appointed by the City Council and will be advisory to City Safety Director Glen Leonard, who is recording secretary for the citizen's safety group.

Safety Need Cited

Other members of the Safety Council are Ray Taylor, Leo Laviolette, Mrs. William Weyckoff, Howard Fontaine, and Miss Barbara O'Donnell, Senior High school Student Council president. Sgt. Ralph Sheehan of the

Michigan State Police, Marquette, spoke to the group, cited the need for traffic safety programs and said organization of a Safety Council here is a forward-looking step.

The accident toll in Michigan is "too high a price to pay for use of the automobile," Sgt. Sheehan said.

Michigan has about three million drivers, about two million autos, and motor vehicles miles traveled in the state last year was about 27 billion.

High Cost of Accidents

In 1951 there were more than 200,000 traffic accidents in the state, said Sgt. Sheehan.

"In dollars and cents the cost of these accidents last year was an estimated \$140,000,000, and in addition there was the great suffering of the 50,000 persons who were injured, some 12 to 14 percent suffering permanent disability. And last, there were the 1,625 persons who were killed."

Serious study will be required by the Safety Council to arrive at sound recommendations, he added.

An understanding of traffic safety engineering, and support of traffic law enforcement and driver education are fields in which the Safety Council should be active, Sgt. Sheehan said.

Training In Schools

Uniformity in penalties for traffic violations as well as uniformity in enforcement was recommended to the Safety Council by the State Police sergeant.

"Our schools can do much to bring about better understanding of the traffic problem," he said. "I feel it is the responsibility of our schools to accelerate the teaching of traffic safety, and to supply driver training for young people."

Sgt. Sheehan cited the experience of driver training in the schools of Sault Ste. Marie as an example of its effectiveness. In a four-year period 365 students

Kelley Named Red Cross Head

Gordon Kelley, Gladstone, was named chairman of the Delta County Chapter, American Red Cross, at a special meeting of the Chapter's executive board yesterday.

Kelley succeeds Dr. Francis Anderson of Escanaba, retiring chairman.

Stanley Leishman of Escanaba was appointed vice chairman to succeed Howard Timms of Escanaba.

A progress report on the Red Cross fund drive, now being concluded, will be ready soon for publication, it was announced.

An appeal was made by the Red Cross for contributions to a special flood disaster relief fund. Persons who wish to contribute are requested to contact the Red Cross office, No. 97.

Hospital

Frank Champeau, 113 N. 20th St., has been dismissed from St. Francis Hospital where he was a surgical patient and is convalescing at his home, 113 N. 20th St.

were given driver training, and only one has been involved in an accident (a minor one), and none of the trainees has been arrested.

Advocate Safety Patrols

Safety Director Leonard cited the following as immediate problems the Safety Council should consider:

1. Parking problem on city streets; 2—Driver training; 3—Accident prevention.

"I feel the establishment of school safety patrols is a positive need," he added. "The department cannot employ enough policemen to watch over the children at crossings."

Study toward recommendations that would bring revision of the city's out-moded traffic ordinance was also suggested by the safety director.

Ex-officio members of the Safety Council are Councilman Jacob Bink, City Engineer Loren Jenkins, and the safety director.

The Safety Council will meet the second and fourth Wednesdays of each month, with the steering committee meeting on call of the chairman.

Bark River-Harris Junior Prom May 9

BARK RIVER—The Bark River-Harris annual junior prom will be held Friday evening, May 9 at the Bark River Community Hall with "Cinderella" as the decorative theme.

Ernest Tomasonni and his orchestra will play the music for the dance program.

Following the grand march, which will be at 10, the junior class president, Shirley Tousignant, will crown the junior queen, Mary Richer and king, Harold Charbonneau.

Shirley Tousignant is general chairman of the program. Other committees are: programs and invitations, Shirley Derouin and Edna Mae Kane; music, Gaynell McInnis and Betty Lessard; decorations, junior class and Gaynell McInnis as chairman.

Chaperones will be Mr. and Mrs. Lloyd Bruce, Mr. and Mrs. William Vincent, Mr. and Mrs. Louis Tousignant, Miss Ester Kiefas, and Paul Wiinkainen.

Mortarboard To Offer Program

The annual Escanaba High School Mortarboard talent assembly will be held Friday morning under the direction of Miss Roma Irons of the school faculty.

The all-student program will feature singing, playing and readings. Mortarboard is the EHS girls service organization composed of juniors and seniors.

Following is the program to be presented:

Jo Ann and Judy Santimore, twins, will sing; Charles Rose, because of coal mine mechanization, an American miner can produce about as much coal in a day as a Japanese miner produces in a month.

piano: Wayne Carter, sing: Con Desilets and Bob Vadanais, horns: David Gasman, dramatic dialogue: Iram Paul, piano: Donna Kidd, song: Charles Cloutier and Karl Gray, accordion and guitar: Beth Parker, song: boy's quartet composed of Tom Fisher, Doug Eden, Charles Rose and Ted Sogard.

MELTING AWAY

When the last Ice Age was at its height, approximately 12,000,000 square miles of the earth's surface was covered with ice, or about twice the area so covered now.

Because of coal mine mechanization, an American miner can produce about as much coal in a day as a Japanese miner produces in a month.

Illegality Of Steel Seizure Is Confirmed By Court Injunction

THE steel strike that has developed in the wake of Federal Judge Pine's decision against the government is regrettable and it is crippling to the nation's economy and the defense effort. Nevertheless, we agree with Judge Pine that a strike in the steel industry, bad as it is, is better from the public viewpoint than acceptance of the contention that the President of the United States possesses unlimited authority to do as he sees fit, regardless of the lack of constitutional authority or regardless of the lack of statutes empowering his action.

Mr. Truman could have prevented a steel strike by invoking the provisions of the Taft-Hartley labor act which provides for an 80-day cooling off period before a strike can become effective. He can stop the strike even at this time by invoking the Taft-Hartley act. Whether he will do so still remains to be determined. The President has made no secret of the fact that he dislikes the Taft-Hartley act although at the time it was enacted he promised that he would respect it, even though he disliked it.

The government seizure of the steel industry, without legal authority, was a hard blow to American principles of justice. Worse, it was a severe blow at American liberties and a drastic move toward dictatorship.

Even if we concede that Mr. Truman, whose term of office expires in less than a year, is not interested in setting up a dictatorship, it must be admitted that the precedent of unlimited authority implied in his seizure of the steel industry is a dangerous one for the future well-being of the country. It naturally follows that if Mr. Truman possessed the authority he claimed to have, his successors likewise would possess this authority. Any of them, whoever they may be, may not be averse to setting up a personal dictatorship, armed with the precedent of authority provided by Mr. Truman's steel seizure.

At best, the steel seizure was extremely ill-advised as the turn of events prove. It is well that Judge Pine fully recognized the dangerous implications of Mr. Truman's action and possessed the courage to enjoin the seizure.

A real threat to American principles has been averted by the court decision.

High Court Upholds Religious Training

THE U. S. Supreme Court decision upholding the principle of released time from public school classes for student religious training is refreshing and it is encouraging, coming as it does at a time when so many forces are active to block the spread of religion in this country.

The majority opinion in the 6-3 decision, written by Justice Douglas, is particularly noteworthy, not only because of the philosophy that it endorses but also in the manner in which it does so.

Justice Douglas pointed out that the U. S. Constitution and Bill of Rights does not contain a "philosophy of hostility to religion." On the contrary, we are a religious nation, recognizing a Supreme Being.

These words from Justice Douglas' decision are especially enlightening:

"When the state encourages religious institutions or cooperates with religious authorities by adjusting the schedule of public events to sectarian needs, it follows the best of our traditions."

"For it then respects the religious nature of our people and accommodates the public service to their spiritual needs. To hold that it may not would be to find in the Constitution a requirement that the government show a callous indifference to those who believe in no religion to those who do believe."

We are coming more and more to the realization that the hope of the world lies in religion and its moral teachings. Certainly the government should not establish impediments to the spread of religious training but rather, as Justice Douglas points out with such clarity in his majority opinion, government should assist and cooperate with sectarian efforts to spread the teachings of religion as widely as possible.

Gov. Williams Signs Appropriation Bills

LANSING—(AP)—Gov. Williams Wednesday signed \$214,017,000 worth of legislative appropriation bills, including \$28,799,000 in construction money for state institutions.

The governor congratulated the legislature on its progress in mental hospital construction. The legislature took \$21,860,400 from the hospital fund issue for such construction.

Williams said he intended to sign a \$2,500,000 additional appropriation for tuberculosis bed additions to Herman Kiefer Hospital in Detroit.

Fund Too Small

The governor, however, expressed regret that no money had been allowed for a children's hospital for the mentally ill at Northville and for the purchase of sites for two new mental institutions.

He said the \$6,939,559 general fund appropriation to complete construction at the other state institutions was inadequate.

Other appropriations bills signed included:

The \$47,784,516 operating appropriation for the University of Michigan and Michigan State College and the other state educational institutions.

The \$107,427,217 school aid bill.

The \$6,697,353 appropriation for conservation, recreation and agriculture.

The \$287,500 airport improvement matching appropriation.

The \$10,473,127 appropriation for regulatory agencies and the \$12,550,050 appropriation for administrative agencies of state government.

Tax On Television

Other bills signed:

Extend the state boxing commission tax on ticket sales to cover television proceeds of boxing matches.

Gives the administrator of a foreign will the same authority over the estate of the deceased in Michigan as the executor has under the will in the state of the deceased's residence.

Allows regional planning commission to be created by two or more local governments.

Establishes a specific system of rule-making procedure to be followed by state administrative agencies subject to circuit court appeals but exempting the workers' compensation commission, the employment security commission, the revenue department and the public service commission.

Authorizes two or more municipalities to incorporate a water supply authority designed to make it possible for southern Oakland county municipalities to buy water from Detroit.

Softens the basic science law to permit greater reciprocity with other states in admitting doctors to Michigan.

Forbids the transportation of any calf less than a week old except between farms or unless they are hog-dressed veal calves.

Requires all corporations except medical care and hospital service systems to file annual reports with the corporations securities commission.

Cigaret Tax Tightened

Amends the 1951 drainage act to permit southern Oakland county municipalities to repair and extend drains.

Allows the state to sell property to Mt. Pleasant.

Porch And Window Boxes Becoming To New Homes

For many city dwellers a window box offers their only opportunity for gardening. It can give much pleasure to the owner, and add an attractive decoration to the house. To get the greatest pleasure out of it, plant it yourself, and take care of the plants.

You can even make the box, if you know how to saw and drive nails. Use 1-inch boards of cypress or white pine, and paint the box to harmonize with the house trim. A box should be at least 8 inches deep, 10 inches wide, and long enough to fit the window.

Outdoor boxes should have drainage, so that excess water from rains can escape. Never buy a self-watering box for outdoors, for every rain would flood the plants and eventually kill them. The plants to use will depend on the amount of sunshine they receive.

On the south side of a house, with sunshine unimpeded by trees or buildings, the balcony petunias will thrive. These develop long stems which trail from the box, bearing flowers of white, blue, red, pink and crimson. The balcony petunias were bred in Europe for window-box use, and are among the finest of all petunias.

Trailing lobelias have the same habit of growth, with small flowers of sapphire blue. Nasturtium Golden Gleam is an excellent window-box plant, and there are red, pink and orange nasturtiums which have a vine-like habit. Dwarf zinnias,

Make Your Own Window Boxes to Fit the Windows

marigolds, phlox, and the lovely Heavenly Blue morning glory can be grown. Petunias and lobelia should be purchased as plants at this season, but the other can be grown from seed.

For boxes on the east and west sides of the house, enjoying a few hours sun, impatiens, clarkia, begonias, fuchsia, lantana, pansies, dwarf celosia, and torenia will do. Geraniums will bloom well with as

much as six hours sun a day. For vines, use vinca, and the various ivies.

Boxes on the north side of the house should be filled with foliage plants. Fancy leaved caladiums are excellent for the purpose. These grow from a huge bulb which can be saved from year to year. Their elephant's ear leaves are attractively colored. Ferns, coleus, sedum spectabile, and dwarf evergreens are other possibilities.

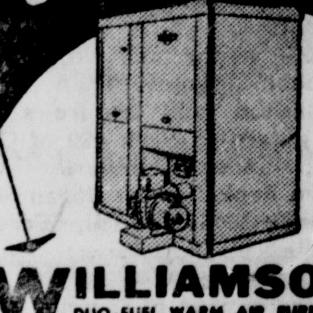

A window box should be examined daily and watered whenever it is dry. If drainage is good there is small danger of overwatering. Faded flowers should be cut off regularly to encourage new growth.

Scout Circus Here Saturday

Final plans are in progress for the Red Buck District Boy Scout Circus to be held here Saturday, May 3, for more than 600 Scouts from Delta, Schoolcraft and north Menominee counties, according to district Scout Executive Andy Houston.

The evening festival, in the Escanaba Junior High school gymnasium, will feature a pageant presented Pack 420 of Gladstone, under Cubmaster Jack Shiner, depicting the slogan of the National Scout Council, "Forward on Liberty's Team".

This theme will be portrayed by a procession of famous American patriots in front of Uncle Sam. All roles of the liberty-advocating men, and of Uncle Sam, will be taken by Cub Scouts of the Gladstone pack.

Passing in front of Uncle Sam on a raised platform will be Patrick Henry, who immortalized himself through his famous declaration: "... give me liberty or give me death"; Thomas Jefferson, honored for his part in the writing of the Declaration of Independence; and Abraham Lincoln, the Great Emancipator.

Portraying three forms of freedom assured by the Constitution, Cub Scouts will represent John Peter Zenger, the earliest American advocate of freedom of the press; a deer hunter, depicting the right to bear arms; and a clergyman, embodiment of the freedom of religion.

The second act in the circus will be the Grand Entry in which the massed American flags will be marched on the floor.

Following this, approximately 600 Scouts, on signal, will gather on the gymnasium floor.

Scout troops, Cub packs and Explorer units from Escanaba, Gladstone, Manistique, Nahma, Rapid River, Wells, Powers, Spalding and Hermansville will participate in the circus.

Rock Class Leaving On Skip Day Trip

ROCK—Seniors of Rock High School, their advisor, Francis Zimmer, and the girls' chaperone, Mrs. Richard Campbell, are leaving Friday morning on their annual "skip day" tour. They will go by school bus with Richard Campbell, driver, to the Pictured Rocks at Munising, will be taken on conducted tours of Newberry State Hospital, the locks at Sault Ste. Marie and Camp Lucas, and plan to visit Mackinac Island. The group will return to Rock Saturday evening.

County Clerk Gets New Processing Duty

A notification announcing the transfer of the duty of processing township birth and death certificates from the township clerks to the county clerk was received this week by County Clerk Mary Constantineau.

The re-assignment of the operation to the county clerk was disclosed by the Michigan Department of Health and includes issuance of burial certificates.

The cities of Escanaba and Gladstone and the village of Garden will continue to process the certificates of their areas.

Dividend Proposed By Pickford Bank, Closed Last Oct. 30

SAULT STE MARIE, Mich.—(AP)—A hearing will be held next Monday on a petition to authorize a 20 per cent dividend on accounts of depositors in the closed bank of Pickford, Mich.

Chippewa County Circuit Judge Herbert W. Runnell set the May 5 date yesterday on the petition by Harold McGauley, receiver for the closed private bank.

If the request is approved, McGauley said, checks can be mailed out almost immediately to the some 2,000 depositors who had over \$1,000,000 in accounts in the bank. It would be the first payoff since the bank went into receivership.

The Pickford bank closed last Oct. 30 after the suicide of its head cashier, Ford H. Beacon. He killed himself on the day state auditors were to check the bank's books.

The audit disclosed shortages of over \$800,000 through unauthorized loans and other misuse of bank funds.

Rock**Ladies' Aid Meets**

ROCK — The Rock Catholic Ladies Aid met at the home of Mrs. Jay Kleiber Friday evening, April 25. Guest at this meeting was Father Daniels of Perkins. Plans were discussed for a picnic in June. The following announcements also were made at the meeting:

Rosary devotion will be held every Tuesday night in May at 7 at the Sacred Heart Church in Rock. On the first night, which is May 6, all members of the Rock Catholic Ladies' Aid who are interested will be enrolled in the St. Anne's Society of Perkins.

Sunday, May 4, mass will be held at the Sacred Heart Church in Rock at 7:00 a.m.

Mrs. August Larson, Sr. will be hostess at her home to the next Ladies' Aid gathering Wednesday evening, May 21.

Rock Fire Department

The Rock Fire Department met at the Rock High School Tuesday night. A movie on fire extinguishers was shown. Members discussed purchasing a dry chemical fire extinguisher for the fire truck.

A movie on Fire Prevention will be shown at the Rock Lions Club meeting Wednesday, May 7 at 8 p.m. The public is cordially invited to attend. Doughnuts and coffee will be served. This is under the sponsorship of the Rock Fire Dept.

Photographic films and prints can be finished without the customary washing in water in a new process. In addition to eliminating the need for water, it decreases the processing time.

Foggy Husbands Ponder Best Way To Bid Wives Farewell In Morning

By HAL BOYLE

NEW YORK — (AP) — How to say goodbye to your wife in the morning?

More and more thoughtful Americans believe this is the crucial matrimonial problem of modern times. At least I sometimes get that impression after listening to wives discuss the subject.

All agree that their husbands thoughtful though they may be on other occasions, have neglected the art of delivering the daily farewell.

"My husband is in a fog from the time he gets up until he goes out the door," one wife complained. "Sometimes I wish he would even beat me — anything to show he realized I was alive."

Another wife objected to the peck on the cheek her mate gave her enroute to his coat and hat.

"There is no greater insult than an absent-minded kiss," she affirmed.

Several more wives groused about the silent treatment accorded them by husbands with a chronic habit of reading the newspaper at breakfast.

Not Awake Yet

One wife said that whenever her husband laughed at something he was reading and she asked him what was funny, he just looked up with glazed eyes and said, "Who?"

The basic trouble in these situations appears to be that wives feel they are doomed to another lonely day in the home while hubby is off to another gay gallop at the office. The husband, on the other hand, don't intend to be thoughtless. They simply aren't awake yet. No man ever really comes to his full senses before noon.

But if a fellow can do his work all morning at the office while half-asleep, there is no reason why he can't train himself to give his wife a convincing goodbye in the same condition before leaving home. It just takes a little training. Look at a horse—he can sleep standing up.

The first thing to decide is what kind of a goodbye will really impress your wife. Then practice doing it until it becomes automatic.

Young wife like the robust romantic touch. If you have one of these, simply wipe the egg from your mouth, bend her backward over the breakfast table, kiss her fervently and murmur—"til dusk."

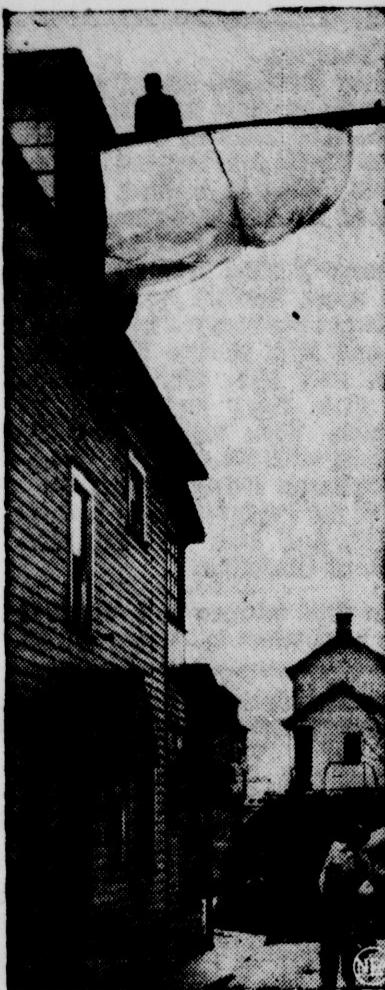

Naturally the spinal columns of middle-aged wives might crack under this treatment—or your own might, if you are a middle-aged husband. Perhaps, if you fall in this category, it would be simpler merely to grasp both her hands and say fondly, "Life wouldn't be the same without you, Hon."

Let Her Go To Work

Another solution is to sit down and—between gulps of coffee—

HAL BOYLE

write her a simple boyish love letter telling her how much she really means to you. A short one will do—four or five pages. If you don't have time to do that in the morning, write it the night before after she falls asleep. Then pin it in her hair curlers so she'll find it as a surprise when she wakes.

This might seem like pretty much of a chore the first few years, but after that the letters will come easier and easier.

There is one other method to cope with the problem of the morning matrimonial parting, and more and more men are finding it highly satisfactory.

"I just stay home now and let my wife go to work," explained one husband. "That gives her the problem of saying goodbye to me. And you know what? Some mornings she acts as if she hardly knows I was there."

Cortisone Produces Synthetic Guinea Pigs For Testing Diseases

BOSTON — (AP) — Synthetic "guinea pigs" are the latest marvels produced by the newest wonder hormone, cortisone.

These synthetics are animals which after receiving cortisone treatments become subject to human diseases they never have normally. That makes them useful for medical experiments.

This new medical exploration was reported in a number of papers today to the annual meeting of the Society of American Bacteriologists.

By this use of cortisone, rabbits at the University of Minnesota are getting typhoid fever. The rabbits receive cortisone in much larger amounts than used for human treatments.

At Minnesota, and Mt. Sinai Hospital, New York City, four kinds of mice "guinea pigs" have been produced by cortisone plus X-rays.

Some of these mice get moniliasis, a human disease known as thrush, that causes ulcers in the

Drugs Protect Seeds From Soil Infection

Ever feel frustrated when that row of peas you planted so carefully in the family garden begin popping through the ground?

For about two feet, they're as thick as you expected, then maybe a three-foot stretch with only five plants, another foot of heavy stand and the rest of the row just straggling.

Dig down and you'll find the pea seeds, some with rotted spots and many with little sprouts that are curled and sickly looking.

You failed to recognize that enemies lay waiting in the damp cold soil to attack that seed and the sprout it would put forth—enemies known as fungi, or molds, which are found in varying abundance in practically all soil. Commonly, they are spoken of as seed decay, "damping off," seedling blights, and root rot.

These are seed and seedling diseases. They are usually most destructive when soil temperature conditions are not favorable for quick growth. Hot, dry soils as well as cold, wet soils may have the same effect. Germination is slowed down. Finally, when the sprout does break through the seed coat, it is slow in its growth toward the surface. This gives the enemy fungi a longer time during which they can attack the tiny plant.

This danger exists in the case of all the vegetables, and flowers too, you like to grow.

Only within recent years have a group of organic chemicals, mostly sulfur compounds, been developed which could be used as "overcoats" for garden seeds. These are toxic to the fungi, yet harmless to the seeds themselves. They throw up a "buffer zone" around the seed and sprout, warding off the enemy organisms in the soil and giving the plant a chance to develop strong roots and vigorous top growth.

Only a tiny amount of these chemicals is needed to coat the seeds. In general, vegetable seeds

Mrs. Royal Tallman of Fayette, daughter of Mr. and Mrs. Edward Guertin jr. was honored at a miscellaneous shower arranged in the Community hall Monday night by Mrs. Guertin, Mrs. Basil McDonald and Mrs. Richard Barbeaux. A large group of local and Fayette women attended and enjoyed games of cards. Prizes were won by Mrs. Normal Farley, Mrs. Wm. Thill and Mrs. Fred Rochefort in first, second and low positions. Mrs. John St. Ours received the guest award. After the

serving of tasty lunch the honor guest accepted and acknowledged the many housekeeping gifts.

Perch Are Biting

GARDEN—A large number of people interested in fishing from Wisconsin, Escanaba, Gladstone and Manistique caught their limit of perch at Van's Harbor Sunday. Traffic was heavy on the whole peninsula during the weekend as fishermen, many of whom had boats along, tried their luck both at Garden and Fayette.

Fire Hazard High

Because of the continued dry weather the hazard of fire in fields and woods is high. The local fire department was called out Thursday night to extinguish a grass fire. Many known bad spots have already been burned over while the fire truck stood by but

there still remains the need for great caution.

"Round and round they go"
Traditionally on May 1st, the children go 'round and 'round the Maypole singing their songs of Spring.

Going 'round and 'round in circles is fine for children, but not for adults. These days many of them are doing just that—for there's no end to trying to make ends meet, especially when you want to feed your family well.

Your A&P invites you to try regular shopping at our stores to beat the spiral of the high cost of living. It has been our aim for over 90 years now to provide more and better food to more people for less money. Perhaps we can help with your food problems, too. Come, see.

Shirlee Johnson Is The Bride Of Jeffery Lee Welch

Lt. Robert H. Johnson of Chicago, an uncle of the bride, officiated at the services in the Salvation Army Temple April 26 at which Shirlee Marie Johnson, daughter of Mr. and Mrs. Harry A. Johnson, 830 Sheridan Road, was united in marriage to Jeffery Lee Welch Jr. of Elkhart, Ind.

The 4 p.m. service opened with Scripture reading and prayer by Capt. Louis Thompson. Mrs. Glen Larson played the bridal processional and recessional and accompanied Mrs. Roland Ekstrom who sang "I Love You Truly".

"Because," and, as the couple knelt at the altar, "The Lord's Prayer." The setting for the service was an arched trellis decorated with white satin ribbon, carnations and greenery and flanked by tall palms.

Bride in White Satin

The bride, given in marriage by her father, wore traditional white satin. Her gown was made with a net yoke with a tiny curved collar of brocaded satin, fitted bodice also trimmed with brocaded material, tapering sleeves fastened with tiny buttons and a full skirt with a court train. A crown of orange blossoms secured her fingered veil edged with lace. She carried an all white bouquet of roses and snapdragons.

Miss Velma Mae Welch of Elkhart, sister of the bridegroom, as maid of honor, wore net over yellow taffeta. Her flower head-dress with veiling matched her bouquet of blue and white irises.

Leonard Welch of Elkhart was best man for his brother. They are sons of Mr. and Mrs. Jeffery L. Welch Sr., 102 Nadel Ave., Elkhart. Ushering were Earl and Richard Polmateer.

Both mothers were in navy blue with harmonizing accessories. Single orchids formed their corsages.

Reception in Church Parlors
The reception was held immediately after the ceremony in the church parlors. A four-tiered wedding cake topped with a miniature bell and dove centered the bridal table with lighted tapers at either side. The buffet table was decorated with a low bowl of daffodils, daisies, snapdragons and fern with the matching tapers. Mrs. Andrew Lindquist presided at the silver service assisted by Mrs. Gerald Pepin and Mrs. Earl Polmateer.

The newlyweds will live in Goshen, Ind. Both studied at Booth Memorial College in Chicago.

Wedding guests included Mr. and Mrs. Jeffery L. Welch Sr. and two sons, Miss Melma Mae Welch and Mrs. Leonard Welch of Elkhart, Mr. and Mrs. Robert H. Johnson and Karen and Miss Hazel Larson, Chicago and many friends of Kipling, Flat Rock, Danforth, Hyde and Bark River.

Hyntinen Sisters Win First Place 4-H Club Honors

TRENTARY — Willow Hyntinen and Linda Hyntinen won first place county honor awards at the Alger County Achievement Day program held Monday at Deerton. Willow also will represent the county in the 4-H Style Revue at the Upper Peninsula State Fair at Escanaba in August.

Attending the Achievement Day program were the 4-H Club girls, Shirley Hyntinen, Jonelle Knaus, Elaine Hendrickson, Rosalind Webster, Stella Ford, Barbara Webster, Eleanor Ford, Maxine Raab, Elaine Hyntinen and the first place winners with their leader, Mrs. William Hyntinen. Mrs. Little, Mrs. Knaus and Mrs. Alexander also attended.

The program included an accordion number by Shirley Hyntinen and a piano duet by Jonelle Knaus and Linda Hyntinen.

When putting on new spring gloves be sure to turn finger rings toward the palm.

Woman's Auxiliary Diocesan Convention Here May 6

The 57th annual convention of the Woman's Auxiliary of the Episcopal Diocese of Northern Michigan will be held at St. Stephen's Episcopal Church in Escanaba Tuesday, May 6.

The convention will open at 10:30 a.m. with Holy Communion. The Rt. Rev. Herman R.

AS WE LIVE

Widow's Best Bet To Find New Mate Is On A Cruise

By Elizabeth B. Hurlock, Ph.D.

(Q) "I am 43 years old and have been a widow for five years. A year after my husband's death, I tried to start a new life. I sold my home and went to live with my brother. I have a 13-year-old daughter who is a great joy to me yet I feel the day will come when I will be all alone. People say, 'Why don't you get married again?' This I would do if 'Mr. Right' came along. I am not a fortune hunter as I have enough to be comfortable. I can have anything I want, within reason, except the thing that means most to a woman, the companionship of a man. How can I meet 'Mr. Right'?"

(A) There are "Mr. Rights" for every woman but she does not always meet them. Your problem is to put yourself in a position where you will have an opportunity to meet such men. Otherwise, you will face a lonely old age.

Why can't the friends who urge you to remarry introduce you to some eligible men? Surely their husbands know men who would be right for you and could see that you meet. Then there are always church and community organizations where there are men as well as women.

As financial problems are not serious with you, you and your daughter might take a trip during the summer or, next winter, plan a cruise. Boat trips seems to be the place where widowers flock to forget their sorrows.

The chances of finding just the right man will probably limit themselves to widowers. Most men of an age suitable for you have been married and are now in much the same boat as you. They usually have children about the age of your daughter and they want a mother to bring up their children.

You are wise in planning a future that will make you independent of your daughter. As things now are, your daughter will begin to feel guilty when she has dates or spends too much time away from home. Then when the time comes for her to marry, she may feel that she should not leave you all alone. If, on the other hand, you have married, there will be no need for her to feel that way.

Furthermore, it would be good for her to have a father and a home of her own. While it is nice for you to be with your brother, it is not quite the same for your daughter as her own home. You must think of her as well as of yourself when you make your future plans.

Elizabeth Hurlock is one of the nation's great psychologists, and she will gladly help you with personal problems.

Church Events

Jehovah's Witnesses

There will be a public lecture Sunday afternoon at 2:30 p.m. at the Unity Hall, Sheridan Road by a representative of the Watchtower Study. Study will follow at 3:30 p.m. on subject: "Is God Responsible for World Distress?" Public is invited.

Easy way to cook quick-frozen perch fillets: Cover with a good tomato sauce and bake in a hot (400°) oven until fish is cooked through. Use about a cup of a well-seasoned tomato sauce for a one-pound box of the quick-frozen perch fillets.

Like Strawberries?
Try This Delicious,
Colorful Treat!

By MARY MANNING

Here's the most delicious thing that ever happened to a red, juicy strawberry. It's luscious FAIRMONT FRESH STRAWBERRY ICE CREAM! Here's ice cream as you've always wanted it! Fresh and creamy — with a natural, delightful flavor. It's perfectly blended and frozen to a smooth texture.

Put it on your shopping list now! Treat your family to this marvelous delicacy! And try this "Strawberry Ice Cream Pie" — it's delicious!

RECIPE FOR STRAWBERRY ICE CREAM PIE
Make crust by blending together 1½ cups vanilla wafer crumbs with ¼ cup softened Fairmont Butter and ¼ cup sugar. Put in a 9-inch pie plate and press firmly against bottom and sides. Chill well before filling.

At serving time, fill crust with one quart Fairmont Fresh Strawberry Ice Cream. Sprinkle with ¼ cup pistachio nuts (chopped or shaved). Serve at once.

Next time you shop, get Fairmont — the most delicious ice cream in town!

Today's Recipes

Spicy Glazed Pork Shoulder Butt

Ingredients: One (about 2 pounds) boneless pork shoulder butt, whole cloves, ¼ cup light brown sugar, ¼ cup syrup from canned fruit or sweet pickles, ¼ teaspoon dry mustard, 1/8 teaspoon cinnamon, 1/16 teaspoon ginger.

Method: Cover butt with water, bring to a boil, and simmer (do not boil) for 1½ hours. Remove from cooking water and stick entire top surface with cloves at about one-inch intervals.

Line a small oven heat-resistant platter or shallow baking pan with aluminum foil, folding foil over edges of platter or pan; place butt on it. In small saucepan put sugar, syrup, mustard, cinnamon, and ginger; stir over moderate low heat until sugar and spices are dissolved; pour over butt. Bake in hot (425°F.) oven, basting twice, about 20 minutes or until lightly browned. Allow meat to stand for 5 or 10 minutes before slicing and spoon syrup in bottom of pan over it a few times. Makes 5 to 6 servings. If served on baking platter turn browned edges of foil in.

Rose Marie Clark Becomes Bride Of John P. Carroll Jr.

Miss Rose Marie Clark, daughter of Mr. and Mrs. Jerry Clark, 1102 Minneapolis avenue, city, and John Patrick Carroll, Jr., son of Mr. and Mrs. John Carroll, Sr., 1595 Alter Road, Detroit, were united in marriage on Saturday, April 26. Rev. Fr. Kilcayne, pastor of St. Matthews Church was celebrant of the 9 o'clock nuptial mass.

Miss Margaret Hart, cousin of the bride and James Carroll, brother of the groom were the bridal attendants. Ushering were two other brothers of the groom, Frank and Ambrose.

The bride, given in marriage by her father, chose a white ballerina length gown of bengaline champagne with coral accessories and carried talisman roses.

The bride's mother was attired in a navy blue crepe dress with blue and white checked accessories. A pink orchid was pinned to her shoulder. The groom's mother wore a brown crepe dress with brown accessories and a corsage of green cymbidium orchids.

A wedding breakfast for 40 guests was served at the Lachmoor country club at Grosse Point and a reception for over one hundred and fifty guests was held at Harper hall.

Following a wedding trip to New York City, the newlyweds will make their home in Detroit. The bride and groom are both employed at the Katcher Oldsmobile Co., the bride as a stenographer.

Out of town guests attending were, Mr. and Mrs. Vern Clark, Flint; Mr. and Mrs. A. Ryan, Port Huron; Mr. and Mrs. Karl Schneider, Ann Arbor; Mrs. Harold Petrusky, Milwaukee; Mr. and Mrs. Jerry Clark and daughter Margaret, Mrs. John Dementer, Mrs. Charles Dementer and Mrs. Alphonse Dementer, Gladstone.

Testing Chief Club Speaker

Dr. Kent Leach, Ann Arbor, head of the Bureau of School Services, University of Michigan, touched on testing programs as carried out in schools today in a talk before the Gladstone Rotary club.

Dr. Leach was in Gladstone to go over the testing programs carried out in local schools, determine results and make recommendations.

In the past year he visited 420 schools in Michigan to analyze testing programs and is now on a tour of the Upper Peninsula, a trip incidentally which he expected to make several months ago.

Rotarians were told that there are many misconceptions about testing programs. Many persons are of the opinion that a youth may be given a battery of tests and from the results it is determined if Johnny will make a banker, baker, lawyer, candlestick maker, machinist or concert pianist. This idea is entirely false, he said. Too many other factors not taken into consideration in the tests enter into the picture, Dr. Leach stated.

Tests are of no value if the information obtained therefrom is not used and action taken.

If a school uses the achievement test, the test should be examined thoroughly to determine if it follows or fits the system, Dr. Leach said.

Leo Erikson, member of the Marquette Rotary club, was a guest at the meeting.

Rotarians were treated to home made cookies and mints, attractively basketed, a token of appreciation from the Senior Girls Scout troop which the club has sponsored for years.

Dirk's Party

Dirk Manson, son of Mrs. Wayne Bryers, who celebrated his thirteenth birthday on Sunday, was honored at a buffet supper held at his parental home following the Confirmation ceremonies.

A prettily iced birthday cake centered the serving table.

Attending the event were his father, Paul Manson of Chicago who spent the day with him, Mr. and Mrs. George Rivest, George being Dirk's sponsor for confirmation, Mr. and Mrs. Floyd Bryers, Mr. and Mrs. Ralph Walsh, June Hurley, Tressa Brunette, Mr. and Mrs. R. Pepin, Judy and Raymond Walsh, Helen Sidmark and Phyllis Bryers.

During the evening Dirk entertained his guests with his accordion and many flash pictures

Golden Wedding To Be Observed

Mr. and Mrs. Joseph Srock, 1308 Minnesota avenue, this week will quietly observe their golden wedding anniversary.

There will be an anniversary mass at All Saints' Catholic Church Friday morning and on Sunday there is to be a family dinner at the Srock home.

Joseph Srock and Mary Marcella were both born near Fiume, Italy (then Austria) in 1876. They were married in Fiume on May 2,

were taken.

Dirk was the recipient of many nice gifts.

1902 and the following year Mr. Srock came to America. After getting settled in Gladstone, Mr. Srock sent for Mrs. Srock and daughter, Amelia in 1905.

Srock worked for a time in the woods, later at the Buckeye mill and in 1920 purchased the Commercial Hotel from George Wire. He retired after operating the hotel for six years.

There were ten children in the family: namely, Mrs. Amelia Kukanic, Gladstone; Joseph Jr., at home; Mrs. Leon (Fanny) Foster, Gladstone; Tony (deceased); Mrs. Joseph (Mary) Karlovic, Nashville, Tenn.; Ted, Milwaukee; Mrs. James (Tilda) Cannon, Gladstone; Victor, Milwaukee; Mrs. William (Rose) Kramer, Los Angeles; and Stanley, St. Louis, Mo.

Nine are expected to be here for the occasion.

Charles Ekberg Observes 90th Birthday Wednesday

It was a joint birthday celebration yesterday for Charles Ekberg, 90, and his granddaughter, Mrs. Marguerite Mertins, of Freeport, Ill.

Open house was observed all day and until 10 p. m. last night at the Ekberg home, 119 River St.

Numerous friends and relatives called during the day to extend felicitations to the aged Manistique man who despite his 90 years said that he hasn't "felt better in 50 years".

"Rheumatism bothered me for many years", he said, "but now it is all gone, and I feel fine". His eyesight is failing—it forced him to retire last year from shoe repair work, his trade of 69 years—but his hearing is keen, and his memory of events and dates as far back as 80 years ago is astounding.

Ekberg was born in Sweden on April 30, 1862, and came to Manistique when he was 18. His father was killed before he was born and his mother passed away when he was an infant of four.

Stranded In Denmark

Wandering around one day at the port of Malmo, Sweden, when he was 10, he inadvertently became mixed with a group of tourists on a ferry boat and found himself a short time later stranded, friendless and alone, in Denmark.

There he remained eight years, working first at a truck farm and later as a cabin boy on a freighter plying between Denmark and England. The ship's carpenter developed

a fondness for the orphan Swedish boy, taught him to read and write and was instrumental in sending him to Copenhagen where he was confirmed in the Lutheran Church and learned the trade of shoemaker.

When he became a journeyman shoemaker at the age of 18 in 1880 he responded to the lure of the New World and emigrated to the United States, landing in New York City with a \$1.50 in his pockets. He joined a caravan of workers headed for Tonawanda, N. Y., and it was while helping to unload a shipload there that he decided to move on to Manistique.

Heard Swedish Talk

His ears caught the unmistakable sound of the Swedish language being spoken by boat workers, and he soon learned that the boat carried lumber from mills in Manistique where, he was told, opportunity was ripe and many young Swedish people lived.

He arrived in Manistique on June 29, 1880, again with only \$1.50 to his name.

Other incidents from his early life before he finally settled down to his shoemaking trade included work on the Escanaba ore docks; a long three-day hike alone down the lakeshore from Escanaba to Marinette; and a boat trip from Marinette to Chicago where he was employed briefly as a bricklayer's helper and later worked in a shoe store.

With \$110 earned in Chicago he purchased a supply of leather, some tools and a return passage to Fayette. He hiked overland from Fayette to Manistique, a miserable trip through the soggy snow of early spring, and had his supplies and equipment come by stage the following day.

"I was unable to spend the night in Fayette and wait for the stage because I was broke again", he said.

Built Shoe Shop

With credit extended by Martin Quick, general superintendent of the Chicago Lumbering Company mill in Manistique, he built himself a small building on Chippewa avenue and began making shoes.

"We made shoes in those days—work boots and fancy boots for the loggers and lumberjacks," he stated. "There was little repair work."

For virtually 50 years after that he followed his trade in Manistique, watching the town grow and change and modernize. Under the compulsion of failing eyesight he reluctantly abandoned his work bench and machines a year ago.

Ekberg had four children, three of whom are living. One son, Fred, passed away several years ago. Other children are Mrs. Jack (Hulda) Johnson, of Gulliver; Emil, of Thompson; and Ruth Schmitt, of Manistique.

Schools Receive Sales Tax Money

Third quarter sales tax diversion money for public schools, totaling \$17,412.44, has been received by Laura A. Williams, county treasurer, and is being disbursed to various school treasurers in the county.

Third quarter sales tax money for city and township governments was received and apportioned here last week.

Allocation to the various school districts is as follows:

Doyle, \$1,099.53; Germfask, \$1,433.89; Hiawatha, \$1,099.53; Inwood, \$1,459.61; Manistique, \$1,260.28; Mueller, \$868.05; Seney, \$604.42; Thompson, \$430.81; Manistique city schools, \$9,156.32.

CELEBRATE JOINT BIRTHDAY—Charles Ekberg, veteran Manistique shoemaker, and his granddaughter, Mrs. Marguerite Mertins, of Freeport, Ill., shown above, jointly celebrated their birthdays Wednesday at the Ekberg home, 119 River St. Mr. Ekberg, who retired from shoe repair work a year ago after 69 years in the business, was 90 years old on April 30. Gay Nineties Era Described Tuesday At Club Meeting

"The discovery of iron ore in the northern midwest—particularly the Northern Peninsula—was the main factor in providing the financial foundation upon which Gay Nineties elegance was erected," Mrs. Carroll Paul, an authority on the subject of "Faded Elegance," told members of the Manistique Women's club, Tuesday at the annual luncheon meeting, held at the Elks Temple.

The speaker, curator of a small museum opened by the Marquette County Historical Society, discussed the costumes, mode of entertaining and the breaking down of old customs from the time of the inauguration of Cleveland to McKinley and Theodore Roosevelt.

Her talk was vividly illustrated with souvenirs of this flamboyant era: A doll of 1897 authentically dressed, Parisian lingerie dating from 1778, ornamental hair pins, lorgnette, feathered boas, tiny parasol and Victorian jewelry.

During the business session, Mrs. Russell Watson, club president, gave a summarizing report of the highlights of the 57th convention

of the Michigan Federation of Women's Clubs recently held in Detroit. At this convention the local club was presented with two awards: A 50-year certificate and the state third award to the local civic committee for achievement.

Delegates appointed to the U. P. District convention, to be held at Escanaba in September, are Mrs. John W. Kelly and Mrs. Walter Busch. Mrs. C. L. Novak and Mrs. Walter Nelson were appointed alternates.

In keeping with the Gay Nineties theme of the program, songs of that era, led by Mrs. Donald McLean and accompanied by Mrs. Jack Wilde, were sung by the assembled women. The tables were decorated with individual miniature hurricane lamps, made by the hostess committee as favors for the members, and old-fashioned kerosene lamps and caster sets.

Clinic May 9**

An orthopedic clinic sponsored by the Michigan Crippled Children's Commission will be held at the Schoolcraft Memorial hospital on Friday, May 9, it is announced.

Dr. Eugene Elzina, Marquette orthopedic surgeon, will conduct the clinic, assisted by an orthopedic nurse and physical therapists from the commission.

Clinic attendance is limited to children, age from birth to 21 years, who are residents of Schoolcraft County and have been notified to attend, children who have recently moved into the county, and children with recently acquired handicapping conditions who are referred by the family physician or the local health department.

Parents of handicapped children who have not been notified should telephone the health department at Manistique, No. 509, for an appointment.

There will be no charge for the examinations. X-rays, if ordered by the examining physician, also will be taken without charge to the patient.

Cooperating with the commission in conducting the clinic are the Schoolcraft County Medical Society, the Alger-Schoolcraft Health Department, the Schoolcraft Memorial hospital, Manistique Public Schools, the Manistique Rotary Club, and the Michigan Society for Crippled Children and Adults.

**Mrs. Annie Oberg
Goes To Detroit
To Live With Son**

Returns to Detroit—Mrs. Annie Oberg, 87, has returned to Detroit to live with her son, Alvin Oberg, after spending about two years here with relatives. She plans to spend the summer in Detroit.

In the picture she is shown cutting her birthday cake at her 87th birthday anniversary last October. Mrs. Oberg was born Oct. 14, 1864, in northern Sweden and came to Manistique when she was 22 years old, making the trip from Harbor Springs by boat. It was not until 1885 that the Soo Line railroad reached Manistique.

Mrs. Oberg, whose name before her marriage to John Oberg in 1900 was Annie Johnson, first secured employment as chambermaid and cook at the Ossawinamie Hotel, then operated by R. A. Campbell and known throughout the north country for its hospitality and meals. She recalls that trout was selling for six cents a pound then, and pork sausage could be bought for 10 cents a pound.

"We had lots of boarders there then", she said, "and Manistique's society used to gather there for many nice dinner parties".

Despite her advanced years Miss Oberg is still active and interested in current affairs. Her hearing is affected but her vision is still good, enabling her to read and write. For this she is extremely grateful—"It's good to be able to hear, but it's much nicer to be able to see well", she said.

Alvin Oberg drove to Manistique over the weekend to take his mother back to Detroit. She has another son, Leroy, who lives in Manistique, and a host of other relatives with whom she stays or visits while here.

"I'll get homesick for Manistique again after I live in Detroit a while", she said.

**2 To Be Named
To School Board**

Two members are to be elected to the Manistique Board of Education at the annual school election on Monday, June 9, one for a full term of four years and one to fill a vacancy.

The term of Robert Berger expires this spring and the unexpired term of the late Dr. George A. Shaw must be completed by an elected member. Ragnar Carlson was appointed last fall to fill the vacancy until the 1952 school election.

Candidates for the school board must file their nominating petitions with Alice G. Reilly, school board secretary, not earlier than May 10 nor later than May 20.

A special registration of electors will be held at City Hall on Saturday, May 31, from 3 to 8 p.m. However, all persons already registered as city electors are qualified to vote at the school election.

Safety Drive**

A concerted drive to check traffic violations is under way by the Gladstone police department, Chief of Police Torval Kallerson said yesterday.

Anyone found driving over 25 miles per hour within the city limits will be given court summons and strict enforcement of stop sign and parking rules is to be made.

Parking on the wrong side of the road will not be tolerated, Chief Kallerson states. This is a practice which has become prevalent in Gladstone recently. In connection with parking the marked areas in the business district must be observed. These have been freshly painted this week.

The local police chief also said that a crackdown is planned on children or adults who use BB guns or 22's within the city limits. Many windows have been broken through careless use of the weapons and in addition there is great danger of bodily injury.

Use of these weapons, particularly atop the bluff, is prevalent in this area.

Enroute home they will go to Tecumseh, Mich., to visit with their son-in-law and daughter, Mr. and Mrs. Karl Schneider.

Charles Lundmark was best man for his brother and ushers were Bert R. Bell, brother-in-law of the bride and John McCorkle of Shipperville.

Preceding the nuptials, Jack Elleman, organist, played "Liebestraum," "Traumerli," "I Love Thee," "Always," "Clair De Lune," "Ave Maria," and "Oh Promise Me," and Melvin Maudlin sang "One Alone" and "Because" with "The Lord's Prayer" after the ceremony.

The new Mr. and Mrs. Lundmark received 150 guests at a reception in the parlor of the church following the ceremony. They were assisted by their mothers, Mrs. Graham wearing a navy blue sheer crepe gown with lemon yellow trim and gray accessories, with Mrs. McGilvray as hostess.

Steps to organize a Ladies' Auxiliary which will function before and after the construction of a Community Hospital in Gladstone were taken at a meeting Tuesday evening at the City Hall.

The unit will be separate from the organization which is promoting the hospital but will assist in many ways, and later will carry out many duties, one of the principal ones being to visit patients without relatives in the area. H. T. Brewer, chairman of the drive, states.

No more meetings are to be held until the latter part of this month when two officials of the Michigan Bureau of Hospital Survey and Construction are expected to visit Gladstone, Chairman Brewer states.

The Tuesday evening meeting was well attended.

When Edd Kellow, chairman of the selections committee for the North-South high school basketball game to be played in Murray, Ky., called to notify Pete Kuches of his selection to the North squad, he asked: "Where's Escanaba, anyway?" . . . Kuches replied that it was located in the Upper Peninsula of Michigan north of Menominee . . . Kellow's retort: "Where's Menominee?" . . . Well, we might add, where's Murray, Ky. . .

Par didn't stand up long at the Escanaba Golf Club this season . . . In fact it didn't stand up at all . . . First score reported to Pro Eddie Ernst this week was a one-under 35 registered by Elmer Swanson . . . How's that for mid-season form? . . . Must be this mid-summer weather we're enjoying.

Our campaign for mid-week games in the Tri County baseball league failed to gain approval of team managers . . . We weren't able to attend the league meeting at Wilson the other night, but managers voted to play league games only on Sundays again this summer . . . With a 10-team league that means starting on May 11 and extending through Oct. 12 if the title playoff series goes the full three games . . . To give you an idea of how late in the Summer Oct. 12 is, both Escanaba and St. Joe high school football teams will already have played five games each by that date.

George LaCrosse Is Reelected Head Of Dartball Association

George LaCrosse was reelected president of the Escanaba Dartball Association at the season-ending banquet attended by 211 players and guests at the Eagles clubrooms last evening.

Serving with LaCrosse next season will be Mrs. Ethel Johnson,

vice president, Bill Fisher, treasurer, and Stella Hubert, secretary.

Tournament and league trophies were distributed to team captains last night by the president.

Bill Doucette was master of ceremonies at the after-dinner program.

Tracing the history and origin of dartball in this country, George Grenholm, main speaker, commended the dartball association for its activity and urged them to continue and expand in coming years. He pointed out the values of dartball as an organized

recreation to young and old alike.

Providing entertainment for the diners was Patsy Lantagne, youthful songstress who presented a number of Western and folk ballads.

Chairman of the banquet committee was Warren Johnston.

Teams presented trophies for league and tournament play were Escanaba Firemen, Pearson's Manufacturing Co., Kessler's Bar, Bevco's, Eddy's Bar, Birds Eye Maroons, Escanaba Press, Coca Cola and St. Thomas. Leading batters receiving trophies were Pete Hirn of the Firemen, Ethel Johnson of Kessler's, Steve Rabideau of St. Thomas, Edsel Bedard of the Firemen and Stella Hubert and Mary Jane Mileski of Bevco's.

The banquet was the largest ever held by the Escanaba Dartball group, which is one of three associations in the Upper Peninsula.

Williams Homer Beats Detroit Tigers, 5 To 3

BOSTON—(AP)—Even the Detroit Tigers would have to agree that slugging Ted Williams couldn't have given himself a more satisfactory sendoff.

Satisfactory, that is, from Ted's point of view and that of his Boston Red Sox.

For it was the two-run homer that Williams hit yesterday in the seventh inning of his "farewell" game that gave the Sox a 5-3 victory to keep them on top of the American

League. Art Houtteman will send Art Houtteman against Johnny Sain. Art, who pitched a one-hitter his last time out, also has lost two games, while Sain has a 1-0 record. Williams ranked his game-winning homer yesterday as one of the two top thrills of his major league career.

The Tigers got the first score in the contest, Johnny Lipon singled off Boston starter Mel Parnell in the fifth, and George Kell doubled him home.

Score On Error
But Virgil Trucks, who had pitched four scoreless innings for Detroit, couldn't hold the lead. Rookie Ted Lepcio led off the fifth with a double off the left field wall, and catcher Sammy White moved him to third with a single.

Then Parnell bounced a ball high off home plate and Tiger catcher Matt Batts fired the ball into right field. Both Lepcio and White scored on the error and Parnell raced home a few minutes later on Dom DiMaggio's sharp single.

Vic Wertz' third home run of the year, coming in the seventh with Steve Souchock on base, evened the score.

Then followed Williams' mighty blow off Trout, who had taken over the Detroit pitching chores in the sixth. Trout was the loser, and it was his third defeat of the young season.

The Red Sox got some sharp re-

bief pitching from young right-hander Ivan Delock, who replaced Parnell on the mound after Wertz' homer. The rookie retired seven Tigers in order and struck out three of them. He was given credit for his second win.

Ted Williams

During the pre-game festivities, a jovial Williams inspired a thunderous ovation with his cap-waving responses to the crowd's cheers. But the stands shook when Williams came through with his clutch hit, the 324th homer of his Red Sox career.

In the clubhouse after the game, Williams, who delights in doing the unexpected, startled Manager Lou Boudreau and his teammates.

"Since I have to be back here (Fenway) tomorrow, I may be playing another game with you," Williams said. "I'll see how I feel in the morning."

He has to report for active service at Willow Grove, Pa., by midnight Friday.

Thereupon Williams hastened to a dinner party, during which his closest friends pleaded: "Quit now on your winning homer." The slugger, however, made no promises.

Lofty Honors

Williams' Red Sox career measures 10 and a slight fraction seasons.

He now takes lightly such honors as winning the American League's batting championship, heading its home run parade and being its top RBI-hitter four times in each department.

Ted is extremely proud of being a two-time most valuable player, in 1946 and 1949, and the only major league 400-hitter in the past 21 years—406 in 1941.

Of the 324 Williams homers, 159 of them were stroked in Fenway park, a supposed paradise for righthanded hitters because of its close-up left field wall. A total of 143 pitchers have been Williams' home-run victims. Williams' road game home runs totals are St. Louis 33, Philadelphia and Detroit 31 each, Chicago and New York 21 each, Cleveland 18 and Washington 10.

Favor Hill Gail In Derby Classic

LOUISVILLE, Ky.—(AP)—The Kentucky Derby entered its stall-walking period today as owners and trainers of 16 three-year-old horses started entering their charges in the \$100,000 added turf classic.

The famous mile and one-quarter Run for the Roses over Churchill Downs' racing strip is scheduled to start at 4:30 p. m. EST Saturday.

Racing secretary Lincoln Plaut began receiving entries at 7 a. m. today. The names of 16 horses are expected to be readied for the post position draw around 10 a. m. tomorrow.

Added Entry

The probable field was swelled by one yesterday when Swoop from E. Burke's High Tide Stable left New York for Churchill Downs with the Derby as his objective.

Some wag suggested Swoop's trainer, O. C. Rasch Jr., heard the weather man predicted rain by Saturday and decided to send his horse here with the hope of an off track.

But the prospect of any great amount of moisture before Derby day was dispersed somewhat by a

brief pitching from young right-hander Ivan Delock, who replaced Parnell on the mound after Wertz' homer. The rookie retired seven Tigers in order and struck out three of them. He was given credit for his second win.

Stanky Unwraps Stanky To Hand Dodgers 14-2 Defeat

By JACK HAND

(Associated Press Sports Writer)
Cagey Eddie Stanky picked the right spot to throw his "intangibles" into his St. Louis Cardinal starting lineup.

Beaten Tuesday night by Brooklyn's Preacher Roe for the eighth straight time and wandering two games under .500, Manager Stanky finally pulled the sheets off second baseman Stanky.

Eddie Stanky

The impact of Stanky's presence in the lineup against the Brooklyn Dodgers could be seen in the very first inning. "Stanky walked" the play-by-play read. Before the first inning was over it also read "Stanky doubled down the left field line, Westlake and Bilko scoring." The Cards scored six runs in that first inning, knocking out Chris Van Cuyk.

Four-Game Winner

Stanky walked twice more before the night was over while

Saxton Gets KO Over Bobby Lee

BALTIMORE—**R**—There should be fewer skeptics over Johnny Saxton's ambition to take the welter-weight championship from Kid Gavilan.

Probably the biggest convert is Baltimore's Bobby Lee who was knocked out in the seventh round of his scheduled 10-rounder with the undefeated New Yorker last night.

Lee, like others who had seen Saxton's two previous fights on a national television hookup stopped as no contests, failed to be impressed by the 21-year-old Negro's 27 straight without defeat.

Before the bout, Lee had confidently predicted "I know I can beat him." Lee even boasted that Saxton's "only good punch" is a left hand which he telegraphed and "you can stop those kind."

Lee stopped it allright. With his chin and he went down for the 10 count after only 31 seconds of the seventh.

Lee weighed 152½ to Saxton's 147½.

Though the bout was carried on local TV stations as well as national screens and radios (CBS), the attendance of 1,200 produced the best fight gate of the year in Baltimore, \$1,818.

AMERICAN ASSOCIATION

Milwaukee 6, Indianapolis 5, (10 innings)
Only game scheduled.

Two Tied In First Place In American

(By The Associated Press)

Milwaukee and Louisville were locked in the American association lead Thursday as Western clubs opened an Eastern swing.

Milwaukee got a jump on the Eastern invasion by shading the Indians at Indianapolis 6-5 in Wednesday night's only game.

The other teams after an off day, open Thursday night with Minneapolis at Toledo, St. Paul at Columbus and Kansas City at Louisville. The Brewers will continue at Indianapolis.

Gerry Staley, his ace, became the first four-time winner in the major leagues this season. It was his ninth straight since last August.

Red Schoendienst, shifted to third base, took to his new position like a duck to water. He handled four chances faultlessly and smashed a bases-loaded home run off Rod Podbielan in the fifth inning.

While the debut of Stanky and the Brooks' crushing 14-2 defeat stole the play in the National league, the American was saying its farewell to two fine ball players—Ted Williams of the Boston Red Sox and Gerry Coleman of the New York Yankees.

Both Williams and Coleman left them laughing when they said goodbye—in fact, Williams might even reconsider and play one more game.

Ted entrenched the rookie-laden Red Sox in first place with a two-run homer, his first of the year, to beat Detroit, 5-3. It was the 324th of his brilliant 10-year big league career.

Trout Victim

Williams, who reports for flying duty as a Marine Corps captain at Willow Grove, Pa., tomorrow, hit his homer off reliever Dizzy Trout in the seventh inning for rookie Ivan Lelock's second big league win.

Coleman, also a Marine Corps captain who reports Friday at Los Alamitos, Calif., air base, starred as the Yanks split a doubleheader with the St. Louis Browns. The World War II vet of 57 dive bombing missions bowed out with two hits in each game to finish with a heady .405 average.

Despite Coleman's hitting and a Homer, double and single by

Mickey Mantle, the Yanks lost the opener to the Browns, 9-4. Bob Cain received some fine relief help from old Satch Paige to whip the world champs.

Wynn Gets Loss
Allie Reynolds earned the Yanks a split with a four-hitter in the second game, 4-1. He struck out eight in defeating Lou Slesater.

Elmer Valo, the league's leading hitter at .410, snapped the Philadelphia A's out of a seven-game losing streak with a three-run homer that beat Cleveland's Early Wynn, 3-1. Valo's blast over the right field wall followed a walk to Skeeter Kell and a single by Joe Astroth.

Both Shantz, who edged the Yanks for the A's only previous win, went the route with a six-hitter. The A's had only three hits off Wynn and Steve Gromek but the big one was Valo's homer.

The Chicago White Sox swept a twi-night doubleheader from Washington, 7-3 and 4-3, winning the second on Eddie Robinson's 11thinning homer off Bobo Newsom. Four-hit pitching by Billy Pierce and Harry Dorish checked the Senators in the opener.

Three-Hitter

The most impressive daytime performance in the National was Larry Jansen's three-hitter against Cincinnati for the New York Giants' 4-1 victory. Jansen boosted his lifetime record against his "cousins" from Cincinnati to 16-2. Young Davey Williams rapped out four straight hits to lead the Giant attacks. Hank Edwards' fifth inning homer spoiled Jansen's shutout bid.

Bob Addis' double in the 12th was the final blow of the Chicago Cubs' 20-hit blasting of seven Philadelphia pitchers for a 9-8

edge. The win put the Cubs in second place. Dutch Leonard, 42-year-old knuckleball artist, grabbed his first win of the year on relief.

Pittsburgh broke its 10-game losing streak with an 11-5 decision over Boston despite home runs by Ed Mathews, Ebba St. Claire and Earl Torgeson. Murry Dickson, a 20-game winner in '51, made the win circle after losing his first three.

Samoans Seek Army Service

WASHINGTON, D. C.—Some 2,000 men of American Samoa, one-tenth of the entire population of the tiny Pacific island possession of the United States, are reported ready to give up the idyllic life of the South Seas for the uniforms of the Armed Services. To accommodate them the governor has appealed to Washington for a military recruiting station.

The Samoans who would serve their country are Polynesians, members of a happy race—tall, handsome people who have lived on the simple and abundant natural produce of their islands for centuries, says the National Geographical Society.

Wartime Station

Contentment with the island life may have been disturbed by the influx of American service men during World War II. Samoa was one of the Pacific island spots used by the Armed Services, although it saw no conflict.

American Samoa consists of a group of islands just east of the International Date Line, 900 miles

south of the equator, and about 2,275 miles south of Hawaii. For years their chief value to the United States was as a coaling station for Navy ships at Pago Pago, "the best harbor in the south Pacific."

Visitors Now Allowed

The Navy governed Samoa from 1889 to July 1, 1951, when the Interior Department assumed control. American Samoa is now a territory under a civilian governor.

Tourists are welcomed, provided they have round-trip tickets. Visitors who plan to stay are asked for proof of financial responsibility and are warned that Samoan law prohibits ownership of lands by any persons other than the native Polynesians.

American Samoa has resisted much of the advance of civilization. A few miles from the capital at Pago Pago Samoans enjoy the simple village life they have known for centuries.

The climate, with a temperature range between 70 and 90 degrees and a four-month rainy season, encourages the growth of ample natural food such as coconut, taro, breadfruit, and bananas. Fish are abundant, and some cattle, fowl, and hogs are raised. On the whole, food production is about as effortless as it can be anywhere.

Still, some 2,000 of the approximately 19,500 American Samoans are reported anxious to enlist.

Plenty Of Jobs Wait For College Seniors, Says Labor Secretary

WASHINGTON — (AP)—Secretary of Labor Tobin addressed an open letter to college seniors saying they have the happy prospect of plenty of jobs.

"You should have little difficulty in finding employment except in a few industries," Tobin's letter said. "It is my hope that you men and women who graduate this year will speedily find employment where you can best utilize your knowledge and skills and contribute most to the society that made possible your education."

Tobin advised seniors to seek advice from campus counseling services and state employment offices to help choose "your first post-college job with care."
